What is SEL?

“Social and emotional learning (SEL) is the process through which children and adults understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.”

Collaborative for Academic, Social, and Emotional Learning
(CASEL)

What is equity?

“Racial equity is about applying justice and a little bit of common sense to a system that’s been out of balance. When a system is out of balance, people of color feel the impacts most acutely, but, to be clear, an imbalanced system makes all of us pay.”

~ CSI (Center for Social Inclusion) President Glenn Harris
